WAYNE LEUPOLD JOINS TCAGO PIPE ORGAN DISCOVERY DAY

*Sat., Feb. 19, 9 am - 2:30 pm
House of Hope Presbyterian Church, 797 Summit Ave., St. Paul*

By Lynn Trapp, Sub-Dean

The TCAGO Pipe Organ Discovery Day has always been successful as students explore the pipe organ and its many fascinating sounds, sizes and shapes. To perpetuate our art it seems that we, as active organists, often employ our radar antenna to detect anyone who shows interest in the instrument we so enjoy playing. Often, with a simple invitation to 'sit on the bench' a person is led to lessons, AGO, organ concerts – and for some, a lifelong career of playing. Keyboard teachers in particular have the special opportunity to 'recruit' followers and students from pools of people who pass their way. Piano teachers know that their encouragement may lead a student to the organ. Let's make a special effort this year to contact keyboard teachers in our communities (organ and

DEAN'S LETTER

Dear Colleagues and Friends,

As your Dean, I have decided to name the month of February as Volunteer Month for TCAGO members and friends! Currently, there are two areas of pressing need.

The preparations for implementing the PipeWorks-Twin Cities program (see related article, April 2004) are nearing completion. We need 3 to 6 volunteers from TCAGO to join the Westminster group to edit/evaluate the presentations and/or to help with areas of presentation/demonstration to the public schools of Minneapolis. If you have interest in this area or have further questions, please contact Phil Asgian (651-293-9115).

It does not seem possible that the 2008 AGO Convention we are hosting is ONLY a little over three years away! Everyone needs to be a part of this event. You are needed to play a role, no matter how big or small, to ensure a successful convention! You will probably be called in the very near future. Please say "Yes!" when asked. Or better yet, why don't you call/email Bill Stump, the Convention Coordinator, with your offer of willingness to assist? Your ideas are most welcome and your participation requested.

In addition, volunteers are needed to bring a young person(s) or teacher(s) to the Pipe Organ Discovery Day which is being held on Saturday, February 19. As a special feature, Wayne Leupold will be presenting his latest teaching methods to teachers or interested persons.

Of course it goes without saying that your

volunteering is not limited to one month in particular. I really would like you to feel that TCAGO is here for you, that you are better for it, and that we are better for having you involved! You know the saying: "It takes a village..." Can you find it in your "heart" to volunteer at one or more of these events? I appreciate your willingness and enthusiasm to be a part of TCAGO by volunteering!

Judy Campen

piano) as well as any individuals (age 12 and up) who may be interested in 'sitting on the bench' to join us on February 19.

This year we are happy to welcome **Wayne Leupold** as presenter, well-known educator and publisher, to learn more of his teaching methods and publications. Wayne will lead a session for teachers while students have the opportunity to explore the four pipe organs at House of Hope. All AGO members are encouraged to attend Wayne's session regardless of whether or not you are teaching presently. His ongoing scholarship in publication of repertoire and expertise in pedagogy continues to contribute greatly to the organ field. He travels around the country to offer programs on organ education and has lectured at many regional and national conventions of AGO and OHS. Publications by Wayne Leupold Editions will be available for purchase.

Wayne Leupold has edited more than 200 volumes of organ music including *The Romantic Literature Series*, *The Church Organist's Library*, and *The Organist's Companion* published by Belwin. In 1989 he formed his music publishing company and developed as leader in organ pedagogy and materials.

Bring a colleague or two who are key-board teachers, as well as young people from your community who are open to spending a Saturday being inspired! □

LETTERS TO THE EDITOR

IN REMEMBRANCE

John Vanella, organist at the Cathedral of Our Lady in Duluth and former TCAGO member, died Dec. 13 (esophageal cancer which had invaded his spine...he was a long-time smoker). He was also on the faculty of the John Duss Conservatory in Duluth, was Diocesan Music Director, and a board member of the Arrowhead Chapter of American Guild of Organists.

Prior to his appointment in Duluth, he'd been director of music and liturgy at the Cathedral of the Immaculate Conception in Crookston, and before that also worked at St. Luke's RC Church (Saint Paul), St. Mary's Basilica (Minneapolis), and the University of Saint Thomas. His teachers included Robert Glasgow, Paul Manz and the late Jean Langlais (with whom John studied in Paris).

The funeral was held in Duluth on Friday, Dec. 17, 2004. □

Meet Schmitt's Twin Cities Church Organ Staff

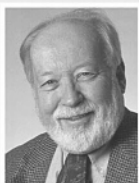

George Behr began his professional career at the age of 13 when he presented his first service as organist and choir director. George holds a bachelor's degree in sacred music, organ emphasis, from Westminster Choir College, in Princeton, New Jersey. He has a master's degree in liturgical music from Saint John's University. George was an assistant to Randy Gilberti, organ curator at Saint John the Divine in Manhattan NY, and has worked as a restorer of organs, organ tuner and organ pipe-voicer for the Rutz Organ Company in Morristown, MN. George is a member of the American Guild of Organists.

Reg Tulk has been with Schmitt's since 1990 and has worked as an electronic music technician for over 15 years. The son of an Episcopalian minister, his interest in church organs started at an early age. He studied at the Red Wing and Wadena Technical Colleges and apprenticed with Mel Grimsby. Reg has recently made two trips to the Johannus factory in the Netherlands to attend factory training sessions. He also answers customer's technical questions and repairs digital pianos, keyboards and home organs for Schmitt's Keyboard Service Department. In his spare time Reg plays keyboards for the contemporary service "N.O.W." at Rosemount United Methodist in Rosemount MN.

Gerrit Lamain has been a Schmitt music organ consultant since 1990. He was born in Rotterdam, the Netherlands and has played organ since he was five years old. He played his first church organ service at age eight. He has an extensive education, including a music degree from Western Michigan College. He has taught music at elementary, high school and college levels. Gerrit is widely known as an organ recitalist. He presently directs the Woodbury Chorus and Orchestra, and is organist at St. Stephen's Lutheran Church in West St. Paul.

Schmitt Music: installing organs for over 50 years!

Experience counts, and Schmitt's Institutional Organ Division has installed well over two thousand organs in churches and institutions throughout the Upper Midwest...of all sizes and descriptions.

Selling an institutional instrument is one thing. A proper installation - taking all things into consideration...physical and acoustic challenges...is quite another. And it is proper installation that is paramount to the ultimate result.

Schmitt's skilled and experienced people work for months and sometimes years with architects, musicians, financial committees and donors, to assure the enrichment of your musical activities and absolute continuing satisfaction.

JOHANNUS has a rich history of organ building with 34 years of stability and organ manufacturing.

JOHANNUS is the instrument of choice in over 80 countries. And while most manufacturers have experienced recent decreases in unit production, JOHANNUS sales have exploded throughout the world.

Known for rich sound through real time sampling technology, JOHANNUS captures every harmonic and scaling detail of a real pipe organ.

Known also for value, why limit yourself when you can purchase so much more in a JOHANNUS instrument at every price point.

- ▶ Do you have an organ (pipe and/or electronic) that occasionally needs service? Would you be interested in hearing about Schmitt's economical Basic Cleaning and Assessment performed by our own highly qualified technicians?
- ▶ Would you like to see a demonstration of a recently installed combination pipe/electric organ?

HENDRICKSON ORGAN COMPANY FORTIETH ANNIVERSARY

By Charles Hendrickson

The Hendrickson Organ Company of St. Peter, Minnesota is celebrating 40 years of pipe organ work. Begun while Charles Hendrickson was teaching Physics at Mankato State College, the first contracts were for instruments at First Lutheran Church of Winthrop and First Lutheran Church of St. Peter, Minnesota. Since that early beginning, more than 100 pipe organ projects have been completed, several featured on the covers of *The American Organist* and *The Diapason* magazines.

Hendrickson was the first midwestern builder of a tracker pipe organ in modern times (at Luther College – Decorah, Iowa), and now operates the largest organ shop in Minnesota, the Dakotas and Wisconsin. The staff of 10 is involved with construction of new tracker and electric action pipe organs, rebuilding, restoration and moving of existing instruments and tuning and service of instruments in the 7-state area.

For many years, Charles' sons Eric and Andreas have worked in the shop, helped with installations, provided service and tuning and the design of instruments; they will continue the work of the firm when their father retires.

Hendrickson, as an invited member, has served as President of the Associated Pipe Organ Builders of America (APOBA), is a member of the American Institute of Organbuilding (AIO) and the International Society of Organbuilders (ISO). His more than forty articles have appeared in *The American Organist*, *The Diapason* and *The Journal of the ISO*. Beginning in 1969, he researched old organs in Minnesota, published articles about them, made recordings and collaborated with Michael Barone on broadcasts featuring old Minnesota instruments. The firm supports, and is involved with local POEs and young organist encounter meetings.

The Hendrickson website may be visited at www.hendricksonorgan.com for articles, stoplists, audio recordings, history and news. It is linked to Pipedreams, AGO, AIO and other organ sites. Our email address is: hendorg@aol.com. □

Dear Friends and Colleagues,

I am sorry to let you know that my father, Fred W. Billmeyer Jr., died early in the morning on December 12. Dad worked in the field of Chemistry, and was the author of several books in the areas of Polymer Science and Color Measurement. His love of the pipe organ (its music as well as the varied technologies of the instrument) was a decisive influence on my choice of career.

Those of you interested in Dad's professional accomplishments will find a summary in his obituary notice in the December 15 Albany (NY) *Times-Union* at: <http://www.legacy.com/timesunion-albany/LegacySubPage2.asp?Page=LifeStory&PersonId=2923081>.

With wishes for health and happiness in 2005,

Dean W. Billmeyer, D.M.A., F.A.G.O.

ORGAN PLUS BRASS!

by Charles Hendrickson

University of Minnesota Organist Dean Billmeyer will perform with the University of Minnesota Brass Choir, David Baldwin, director, at Northrop Memorial Auditorium. The concert is free and open to the public, with a reception to follow. The 108-rank, four-manual Northrop Organ, built by Aeolian-Skinner in 1932-1935, received "Special Citation" from the Organ Historical Society in 1999. The organ is considered an historical treasure, and a restoration effort is underway.
